

<p><b>Installation Training Package:</b> Ascent Fabrication will provide on-site installation training for the Blackbelt 3D printer and applicable slicing software. The training will take place over the course of two days and involve the initial set up and test printing of the customer's preferred product. Payment for the training is to be made at least 15 days in advance of the training, by ACH only and in full. Travel and accommodation reimbursement must be paid within 15 days after the training has been completed.</p>	<b>Price (USD)</b>				
	<b>\$4,000</b>				
	Plus travel & accommodation reimbursement				
	<b>*Highly suggested*</b>				
<p><b>Our Support Guarantee:</b> Ascent Fabrication will provide basic troubleshooting and technical support by phone, email, or video call for the lifetime of the Blackbelt 3D printer according to the warranty terms and conditions set forth by the manufacturer (see details provided at time of sale). Any Blackbelt customer may call or email our support staff at any time and we will respond within 24 hours.</p>					
<p><b>On-Site Maintenance Package:</b> Ascent Fabrication will provide on-site maintenance support for the lifetime of the Blackbelt 3D printer according to the warranty terms and conditions set forth by the manufacturer (see details provided at time of sale). Payment for the on-site maintenance is to be made prior to the technician's arrival, by ACH (with 2% fee) or credit card (with 4% fee) only and in full. Travel and accommodation reimbursement must be paid within 15 days after the maintenance has been completed. Maintenance could include, but is not limited to: hot end replacement, bed replacement, nozzle replacement, electronics troubleshooting, test printing, and other technical assistance as needed.</p>	<b>Price (USD)</b>
